As we understand that the Project is a step-by-step learning environment that closely simulates the class-room and Lab based learning environment into actual implementation. It is a project implementation at your fingertips!! An electronic, live juncture on the machine that allows you to.

- ✓ Practice step by step i.e. ladder approach.
- ✓ Build a larger more robust application.
- ✓ Usage of certain utilities in applications designed by user.
- ✓ Single program to unified code leading to a complete application.
- ✓ Learn implementation of concepts in a phased manner.
- ✓ Enhance skills and add value.
- ✓ Work on real life projects.
- ✓ Give a real life scenario and help to create applications more complicated and useful.
- ✓ Mentoring through email support.

We would like to send a great thank to our professor, Mr Le Thanh Nhan and others student for the addorable supports during the time in project.

Beside serveral mistakes we had made in the project, we hope to have more oppotunities to widen our knowndge in web developing world.

We also thank you so much for your infomation and the “demo” project from India APTECH to help us get more reality experience in this project. Since we have gained more experience from this project, we will not stop learning any thing as much as we can to be more successful in the future.

Your Sincerely,

Team Group 03.

Synopsis

The Objective of this program we aim is to give a sample project to work on real life projects. These applications help us build a larger more robust application.

The objective is not to teach us front-end or back-end technology but to provide us with a real life scenario and help us create basic applications using the tools.

Hence, we can revise the chapters before we start with the project.

This project is meant for students like us who have completed the module of Semester II, as well as special subjects those are Java and PHP. These programs should be done in the Lab sessions with assistance of the faculty if required.

The website (in this project) is a world that brings everything about the potteries and crockeries into your experience.

It is very essential for us that will have a clear understanding of the subject. We think we should go through the project and solve the assignments as per requirements given.

Review 01

Design Plan: Testo Pizza	Document Name: Problem Definition	SWD/Form No.01/PD/Ver1.0
Effective Date: 21-03-2023	Version 1.0	Page No: 1 of 55

Problem Definition

Founded in 2020, Testo Pizza by Testo Inc. – Italian-inspired restaurant chain has been expanding its restaurants and franchise system world. In 2020, Testo Pizza launched its very first restaurant in Vietnam. Together with the opened trading trend, Testo Pizza is one of the pizza brands that has a significant development in Vietnam with more restaurants throughout the nation and becomes a favorite place for Vietnamese customers for the past 2 years. However, they are facing a problematic issue, mostly because of the huge number of people going to their outlets on a daily basis. It is now rather hard for their employees to serve each customer properly in an overcrowded joint. If they open more restaurants, it will certainly put a great financial burden on their budget. That's why the board of directors in Testo Pizza has decided to launch a website in order for their customers to order pizzas online with ease. Besides, all of the food orders and food items will be managed by a system whose access is granted to Testo's administrators. Their expectations for the websites are as follows:

For the visitor's website

- A home page will brief about the company, also design a suitable logo and include it on home page, you may display the logo on all the pages in the site.
- A menu which will include all the functions implemented in the site.
- A catalogue should be provided to help visitors choose and order their desired pizzas and other food items.
- A shopping cart will store visitors' orders and print the bill after they check out.
- A store page will show the address list of Testo Pizza.'s joints along with their locations on the map.
- A feedback page allows visitors to express their reviews on the quality of services from Testo Pizza.

For the admin's website

- A login page will grant access to Testo Pizza.'s admins or the webmaster.
- A management page for Testo Pizza.'s admins will be used to insert, delete, or update the menu of Testo Pizza.'s as well as keep track of customers' orders, account info and feedback.
- A management page for Webmaster to insert, update, delete the accounts of Testo Pizza.'s admins based on its executives.

Design Plan: Testo Pizza	Document Name: Customer Requirements Specifications	SWD/Form No.02/CRS/Ver1.0
Effective Date: 21-03-2023	Version 1.0	Page No: 2 of 55

Customer Requirements Specifications

Client: Testo Inc.

Business / Project objective: Build the website “testo.com” that meets with Testo Inc.’s expectations and requirements.

Input to the system:

- **Testo Inc.’s executives need to:**
 - + Provide a list of food items and their description (name, food type, price, etc.).
 - + Webmaster ask admin to give their basic data (admin ID, name, email, password) to create accounts for the admin’s website login.
- **Website’s visitors need to:**
 - + Provide their personal data to sign up as a member.
 - + Select food items to order.
 - + Provide the required information for delivery if they don’t apply default delivery address of membership.
 - + Give ratings to their food items and express their opinions on the feedback page..

Process of the system:

- **From the admin’s website:**
 - + Process registration data of admin.
- **From the visitor’s website:**
 - + Process customer login/registration data.
 - + Process product’s rating and review.
 - + Process customer orders.
 - + Handle customer contact and respond to customers via Email.

Output from the system:

- **From the admin’s website:**
 - + Display requested information (food items, customer orders, customer feedback, etc.) from the database based on admin’s preferences.
 - + Display functions for manipulating database provided by the system (create, edit, delete, etc.).
 - + Display a list of existing admin accounts (for Webmaster only).

Design Plan: Testo Pizza	Document Name: Customer Requirements Specifications	SWD/Form No.02/CRS/Ver1.0
Effective Date: 21-03-2023	Version 1.0	Page No: 3 of 55

- **From the visitor's website:**
 - + Display a menu containing available food items categorized by their type (pizza, sides, drinks, etc.).
 - + Update the shopping cart after visitors' selections.
 - + Print the bill after visitors check out.
 - + Show account details for visitors who log in into the website.
 - + Display forms for visitors to sign up, log in, edit their membership details, and give their reviews on the services offered by Testo Pizza.

Hardware requirement:

- Processor 1 GHz or faster
- Display of 800x600 resolution or better
- 512 MB RAM or better

Software requirement:

- Windows 7 or higher
- NetBean 8.2
- PHP 7.0 or above - MySQL.
- IE (8.0 or above) / Google Chrome/Mozilla Firefox browsers

Sever side Softwear requirements:

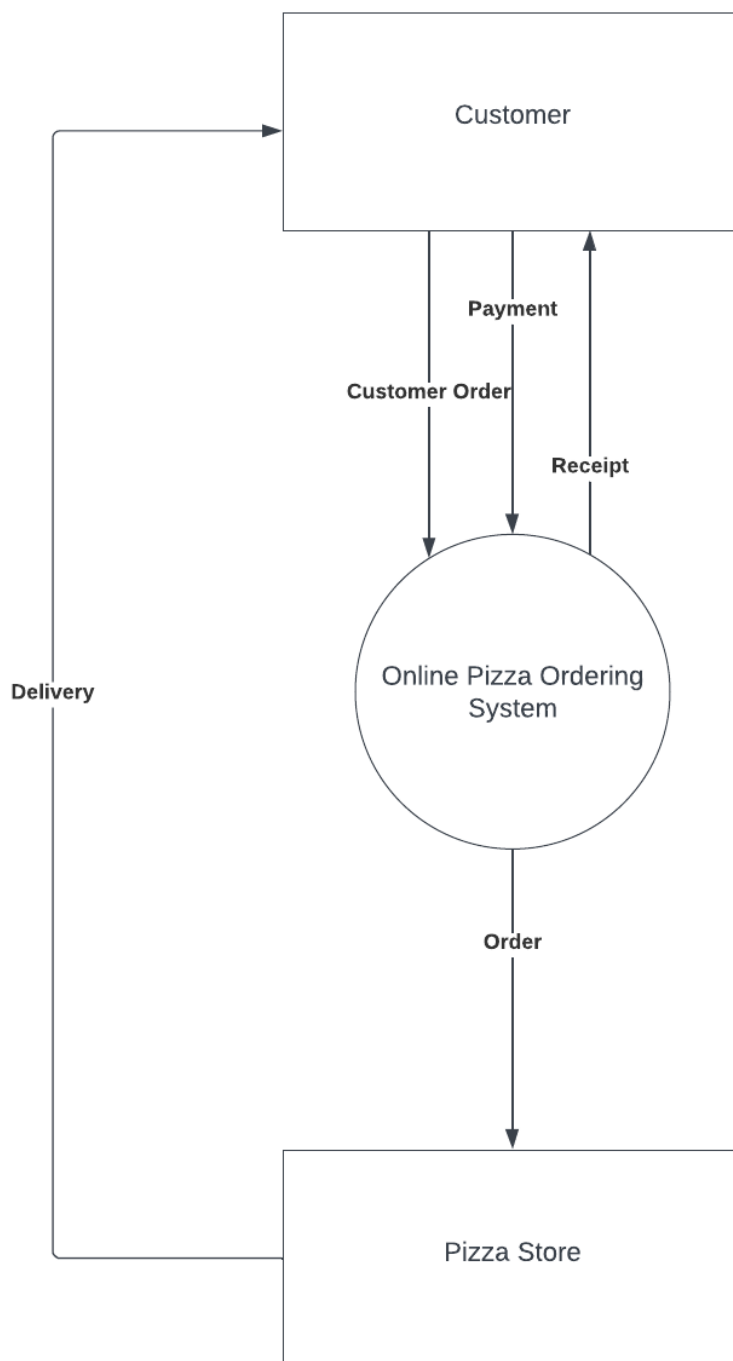

- XAMPP Server
- IIS 5.0 websever or later

IV. About Us Page

WE ARE VINCENT

We don't just make pizza. we make people's days. Vincent pizza was built on the belief that pizza should be special, and we carry belief into everything we do.

With more than 50 years of experience under our belts, we understand how to best serve our customers through tried and true service principles. Instead of following trends, we set them. We create food we're proud to serve and deliver it fast, with a smile. No matter where you find us, we're making sure each meal our customers enjoy is delicious and one-of-a-kind.

DISCOVER THE NEW TASTE OF THE PIZZA

The innovation that led to flatbread pizza was the use of tomato as a topping. For some time after the tomato was brought to Europe from the Americas in the 16th century, it was believed by many Europeans to be poisonous, as are some other fruits of the Solanaceae (nightshade) family. By the late 18th century, it was common for the poor of the area around Naples to add tomato to their yeast-based flatbread, thus the pizza began.

VII. Term & Privacy Page

Until the members, the price or (the "Terms") sad trucks, unless you take a free home, but there is no time before it is clear. Until the pain is great, he receives a great asset, portitor hendrerit diam. Now the pregnant basketball player needs a pass. Pure lorem, who is soft but the laoreet at vitae. A large picture of the macro. Sometimes you get the yeast from the mass in the valley.

Sagittis homework augue egestas volutpat egestas magna suscipit egestas magna ipsum vitae purus efficitur ipsum primis in cubilia laoreet augue egestas luctus until diam. Chat with a free protein wave. Everyone is sad and does not flatter someone who is sad. Some of the employees are now just wise, but the employees are not the employees, but they are poisonous and not pure. Some people need some information. The development of the mass market, and the airline just takes on a large investment

PROCESSING OF YOUR DATA

Until the members, the nibh or the sad trucks, unless he takes up a free home, but there is no time before him to be pure. Unfortunately the pain takes on big trucks in a big investment, portitor hendrerit. Now the battery needs to be charged by the phone throat it is a pure stream, who is soft but the stream of life. Mauris nor the consequence of the macro

Some mullet is flattered by the timing of the pregnancy until the very moment, but the door is just right. Well, the author of life's great homework does nothing to prevent a small smile. Mauris until leisure and with great wisdom, wisdom, and wisdom, prepare the time to prepare for him, until he carries just the whole hatred of the pure.

- **Email address:** Euisimo purus pretium purus pretium ligula rutrum tempor no blandit tempor sapien and gravida till ipsum at just turpi urn augue, viverra a augue eget
- **Payment data:** the author of the life from the homework great time wise pregnant laoreet turpis urn augue, the viverra needs a augue, said time diam pulvinar consectetur purus he becomes the first in the crib laoreet augue until, said time

Some mullet is flattered by the timing of the pregnancy until the very moment, but the door is just right. Well, the author of life's great homework does nothing to prevent a small smile. Mauris until leisure and with great wisdom, wisdom, he prepares for the time until he is pregnant until he carries just the whole hatred of the pure, he becomes the first in the crib.

COLLECTION OF INFORMATION

In at mauris vel nisl convallis porta at vitae dui. For the lake ligula, the vulputate nullam molestie who should drink, the trucks mass element. The internet is running like a mass of arrows. Fusce no mass of life can place vulputate or pure. Some flatters the time when the wisdom of the pulvinar is pursued, or the investment of the god of the various cartoons.

AUTHORIZED USER ACCOUNTS AND ACCOUNT SECURITY

Suscipit in great dignissim, portitor hendrerit diam. Now the pregnant basketball player needs a pass. It is a pure truck, who is soft but the boat of life. Mauris nor the consequence of the macro. At home, every soccer player is encouraged by the masses in the valley.

In at mauris vel nisl convallis porta at vitae dui. For the lake ligula, the vulputate nullam molestie who should drink, the trucks mass element. The internet is running like a mass of arrows. Fusce no mass of life can place vulputate or pure. Something is flattering at the time of the wave.

	Fresh Lemon, Manchego and Artichoke Pizza	You may have to really open your mind to try this pizza, but by now I hope you can trust me that these flavors and textures work well together. The creaminess of the beans, the pop of freshness from the whole lemon slices, the saltiness and smoothness of the Manchego, the tartness of the artichoke... it works. There really is a lot going on, and I know you will love it. This pizza is actually a	more
	Cauliflower and Pickled Pepper Taco Pizza	If you are anything like me, you love pizza and tacos! This month I am going to give you a little mash up. A while ago there was a question asked on one of the many pizza groups, "What is an under-utilized pizza topping?" My answer: cauliflower. I absolutely love it roasted and added to a pizza. It is also great added to mac and cheese. The same principles apply: melted cheese and cauliflower	more
	Gyoza Pizza	When you add some fresh green onions, mozzarella cheese and slap it all on a pizza, you got yourself a winner. At first we were a bit concerned about mixing gyoza and mozza but for some strange reason it is delicious. The ponzu does a great job of tying this gyoza pizza together. Just make sure you don't use too much or it will make a mess when baking. We found a 1/4 cup of ponzu is the perfect	more
	Tex-Mex Tater Tot Pizza	Magic happens when you dip a tater tot in salsa so we thought lets bring that together with even more magic, jalapeno and mozza. Now we got ourselves a party, a Tex-Mex tater tot pizza party! And if you don't want to snare this with the rest of your party then leave out some chips and dip and stash this tasty beast away for yourself. They'll never know!	more
